

The Aide's Role in Recognizing & Reporting Patient Abuse

Kathie Smith, RN

January 11, 2018 3-4 p.m. EST

Description: According to the National Center on Elder Abuse, every year an estimated 5 million older Americans are victims of elder abuse, neglect, or exploitation. And that's only part of the picture. Experts believe that for every case of elder abuse or neglect reported as many as 23 cases go unreported. According to the National Children's Alliance, in 2015, an estimated 1,670 children died from abuse and neglect in the United States. This webinar will provide information on recognizing signs of patient abuse and neglect both for adults and children and the importance of reporting appropriately.

Convenience: Enjoy the convenience and cost-efficiency of a webinar – watch the speaker's slide presentation on the internet while listening by telephone or through your computer's microphone and speakers (VoIP). **Confirmation:** Prior to the webinar, a GoToWebinar link will be e-mailed to you. You will need to register through this link to attend the webinar. You will be sent a confirmation which will include a join link to access the webinar, a dial-in number and an access code to listen in via telephone. You will also be sent any pertinent handouts, if available, an evaluation and certificate. **Registration:** The registration deadline is January 10, 2018.
