

What's New & What's Changed

OASIS has been and continues to be the single most important document in home health impacting reimbursement, quality outcomes, survey findings, public ratings of home health agencies and more. CMS released the final OASIS C2 form and Guidance Manual in preparation for its mandated use for assessments beginning January 1, 2017. **OASIS C2 is the third revision to OASIS in less than two years!** Plan to join Judy Adams, long time home health veteran as she reviews key changes in OASIS C2 items, important updates per the Guidance Manual, **and the potential impact of this new OASIS on both the home health case-mix and non-routine supply calculations.**

Presenter: Judy Adams, RN, BSN, HCS-D, AHIMA Approved ICD-10-CM Trainer, Adams Home Care Consulting, Inc. is a well-known health care consultant and speaker with over 30 years of healthcare experience and extensive experience in home care and home health management. Judy frequently speaks nationally on home health coverage; coding; HH COPs; PPS and medical review.

In this 90 minute recording the speaker will:

- Cover the major impetus for the changes in OASIS C2 including the identification and rationale for the format changes
- Review the content and intent of **new** OASIS C2 items
- Explain how directions in the official OASIS C2 guidance manual related to wound items will have a potentially negative impact on the home health PPS case mix and non-routine supply calculation
- Discuss the use of the new National Pressure Ulcer Advisory Panel definitions of pressure ulcers within OASIS
- Describe key positive and negative impacts of OASIS C2
- Point out what agencies need to do now to prepare for implementing OASIS C2

Just \$99 per recording per location
(Includes link to recording and all relevant handouts!)
