

WHAT DOES IT MEAN TO BE HOMEBOUND UNDER THE MEDICARE HOME HEALTH BENEFIT?

A CLINICIAN TRAINING TOOLKIT

Sherry Thomas, BSN, MPH, Association for Home & Hospice Care of NC

We need clinicians to have a good understanding about what the Medicare Home Health Coverage Manual Requires as related to homebound documentation!

This one-hour video format presentation focuses on the Manual but also illustrates the requirements with examples and Q&A. The presentation also highlights OASIS questions that support the patient's homebound status.

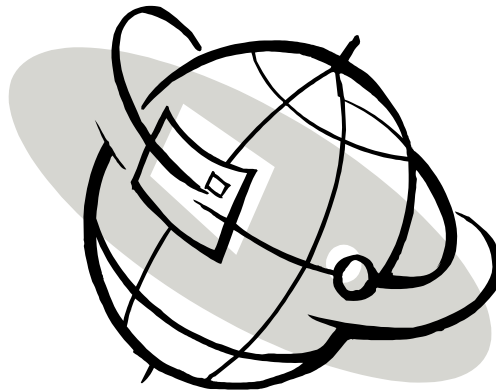

This affordable Toolkit includes a video DVD of slides with audio narration; illustrated documentation of patient scenarios; a post-test; and references.
